

### Curriculum Intent:

At COSST the school curriculum is built on the Convention of the Rights of the Child. It is designed to build *resilience*, *ambition* and *respect*. Through our curriculum we aim to:

- Provide each child with an academic education that equips them to succeed at secondary school and beyond.
- Provide each child with relevant, first-hand experiences to develop keen, enquiring minds and make connections with their community and the wider world.
- Drive forward aspirations for every child and their family by removing barriers to learning.
- Develop our children as confident, resilient, upstanding and active citizens.
